

Bouncing The Ball

*Being retired, I really don't live like this anymore. But I still recall how nuts it all was.
Bouncing the ball; a synonym for working and getting nowhere... This is a demo.*

Here and there we go Here and there we go
Everywhere we go
No time to spare you know

Round and round we go
In and out the door
Till we're on the floor
Don't really know what for

Boring – I'm sick of it all

Boring – Just bouncing the ball

Boring - There must be a way

To steal a little bit of heaven away..it's okay
To be a devil if it's just for a day.. Ostay I
never wanted anything so bad in my life
I'd cut the strings if only.. I had a knife oh yeah

Boring-----Boring-----Boring

There's just something, about this situation

Continuation, upon continuation

But trying to escape it.. is very very hard to do.....

Up and down we go Down and out and then
Every thing we do
Needs to be done again

Boring – Just bouncing the ball

Boring – There must be a way

To steal a little bit of heaven away..it's okay

To be a devil if it's just for a day.. Oday

never wanted anything so bad in my life

I'd cut the strings if only.. I had a knife oh yeah
